EUROPEAN OPEN SCIENCE CLOUD

EOSC timeline

What is the EOSC?

A trusted and open virtual environment for the scientific community with seamless access to services addressing the whole research data life cycle.

EOSC

Is potentially available to 1.7m EU researchers and over 70 million professionals in science

Leverages on past infrastructure investment (10b per year by MS, two decades EU investment)

EOSC features

- Focused on research needs
- Community-driven
- Inclusive and respectful of diversity
- Accessible to all from large equipment, large computers & 'big data' to 'small data' & long-tail research
- Open by default – closed where necessary
- Hands-on and participatory
- Transparent and trustworthy
